Nautically-inspired jewelry retailer [Style Newport](#) will be celebrating its official launch at - where else? - the [Newport International Boat Show](#) this weekend.

According to owner Karen King, she started her jewelry design business in the spring of 2010 after being inspired by a ring her husband gave her that spelled out "I Love You" in nautical flags some 10 years ago

Style Newport's jewelry is handcrafted in Rhode Island. From the design of each model through all phases of production King holds a commitment to using only U.S.-based suppliers and Rhode Island craftsmen.

Remember Style Newport when you are celebrating a special event or simply looking for a special and unique piece of jewelry.

And look for them in Tent A, Boot 8 at the Boat Show this weekend.
